

LEARNING THROUGH LAUGHTER!

“All of our guests – and we were a mixed group of dealership employees, educational leaders, students and parents – were laughing and agreeing with your analysis of communication blunders. It was nice hearing clean humor and learning valuable lessons at the same time.”

Communication Bleeps & Blunders

You said one thing; your boss or coworker heard something else. Nobody was wrong, but now everybody's confused...and you have to fix it! Laugh and learn as Todd Hunt shares real-life examples from business, revealing how we can improve our communication with customers and colleagues to become more successful.

Todd is a Recovering Anal Retentive Professional (RARP), who finally learned to lighten up! Now he speaks to organizations that want to add fun to their events and send members back to work and school smiling, with tips to communicate—not just clearly that we're understood, but so precisely that we cannot possibly be MISunderstood.

Prior to his speaking business, Todd owned a marketing company and worked for Ogilvy & Mather, the world's largest advertising agency.

And after the presentation check out this year's Auto Show!
